

School Sports Premium Report 2016/17

Evaluation of Impact to date

In previous years the PE Co-ordinator has completed a review of PE and school sport. The review in 2015/16 also included a review based on a survey about physical activity and has been shared with pupils, parents and governors.

The PE staff and members of SLT met on a termly basis in 2015/16 and reviewed progress against the priorities contained in the PE Action plan. This plan evolved as the year went on and staff training impacted on the focus and priorities.

This year 2016/17 the PE action plan links directly with the SIDP and is annotated in a way which identifies where it supports the School Improvement and Development Plan priorities (SIDP). These priorities are also annotated on the School Sports Premium Budget Plan. Reference is also made in the plan to any supporting documentation, government findings and stakeholder feedback.

The Sports Premium Budget will be available for all stakeholders to view in February 2017. A simplified visual representation will also be shared in order to be accessible to pupils, outlining the main headline points and associated figures.
